

## **Special Educational Needs and Disability Information Report 2019 - 2020**

**Executive Head: James Procter  
Head of School: Vicky Lewis  
Inclusion Manager: Sophie Levey**

### **About Our School**

We are a Christian community school, based upon the love of God and one's neighbour, where every child is provided with a toolkit for life-long learning through high quality teaching. Children have a love of learning with high standards of achievement, fostered through traits of resilience, respect for all, equality and inclusion.

To help you find the information you are looking for this report is divided into 18 sections:

1. About this report
2. Who do I contact?
3. Which children does the school provide for?
4. A summary of how the school meets the needs of children with SEN and disabilities (SEND).
5. How does the school identify children's special educational needs?
6. How does the school teach and support children with SEND?
7. How will the curriculum and learning environment be matched to my child's needs?
8. How are parents and carers involved in reviewing progress and planning support?
9. How are children involved in reviewing their progress and planning support?
10. How does the school prepare and support children to transfer to a new school?
11. What training do school staff have?
12. How does the school measure how well it teaches and supports children with SEND?
13. How accessible is the school? How does the school arrange equipment or facilities children need?
14. How are children included in activities with other children, including school trips?
15. What support is there for children's overall well-being and their emotional, mental and social development?
16. What specialist services does the school use to support children and their families?
17. Where can I get information, advice and support?
18. What do I do if I am not happy or I want to complain?

1. About this report	Referenced in law and guidance
<p>The Children and Families Act 2014 says that all maintained schools must publish a Special Educational Needs and Disabilities (SEND) Information Report every year. This report explains how our school meets the needs of children with SEND. It is shown on our school website and in the 'local offer' on <a href="http://www.eastsussex.gov.uk">www.eastsussex.gov.uk</a>. Additional information is available in our School SEND policy, which is also available on our website.</p> <p>In the report, we explain how we meet our duties towards pupils with special educational needs and disabilities. This report is also the information we provide to the East Sussex local offer which shows the support that is available for children and young people with special educational needs and disabilities in East Sussex: <a href="http://www.eastsussex.gov.uk/localoffer">www.eastsussex.gov.uk/localoffer</a>.</p> <p>We will keep this report up to date termly throughout the year. The Governors will review this report once a year. If you want to give us feedback about the report, please contact the school office.</p> <p>Signed..... Date.....</p> <p style="text-align: right;">Chair of Governors</p>	<p>SEND CoP 6.81</p>

## 2. Who do I contact?

### What should I do if I think my child may have special educational needs?

- Please make a note of any areas of concern and then speak to your child's class teacher or keyworker (nursery). They are your first point of contact.
- Contact the Inclusion Manager, Sophie Levey, if you still have concerns.

Our Inclusion Manager (IM), Sophie Levey, has responsibility for the operation of SEND policy and coordination of specific provision made to support individual pupils with SEND, including those who have Education Health Care plans (EHCPs). Our IM provides professional guidance to colleagues and works closely with staff, parents and other professionals and agencies. Our IM is aware of the provision in the Local Offer and works with professionals providing a support role to families to ensure that our pupils with SEND receive appropriate support and high quality teaching. (6.88, 6.89)

### What should I do if my child already has an identified special need or disability before starting at the school or nursery?

- If your child already has an identified special need or disability, please let us know as soon as possible. This will mean that we can respond quickly to their needs when they join us. Please tell us about any other service (for example; speech or occupational therapist) already supporting your child.
- Also let your child's current provider (nursery, pre-school or school) know that your child will be starting at our school. This will help establish a good transition for your child.

### **The Governors**

Our Governing Body fulfils its statutory duty towards children with SEND or disabilities in accordance with the guidance set out in the SEND Code of Practice.

In particular, the governing body, ensures:

- Arrangements are in place in school to support pupils with medical conditions (3.66)
- An SEND information report is published annually (6.79)
- That there is a qualified teacher designated as the Inclusion Manager for the school. (6.84)
- In addition, our governing body works with the Inclusion Manager and Head teacher in determining the strategic development of SEND policy and provision, including establishing a clear picture of the resources available in the school.
- The governing body also ensures that the school meets its responsibilities under the Equality Act 2010 with regard to admissions, reasonable adjustments and access arrangements and publishes information about this that includes specific and measurable objectives. (6.87, 6.97, 6.90, 3.8, 1.27, 1.28, xix,xxi )

<p>3. Which children does the school provide for?</p>	
<p>We are a maintained Church of England Primary School and Nursery. We admit pupils from age 2 to 11 years.</p> <p>We are an inclusive school. This means we provide for children with all types of special educational needs. If you want a place for a child who has a statement or Education Health and Care plan, please contact your Assessment and Planning Officer at East Sussex County Council. If you want a place for any other child with special educational needs, you should apply as normal and your application will be considered in the same way as applications from children without special educational needs.</p> <ul style="list-style-type: none"> <li>• <a href="#">East Hoathly Primary School Admissions Policy</a></li> <li>• <a href="#">School admissions on the ESCC website:</a></li> <li>• Or contact the Information for Families team for admissions advice on 0345 60 80 192</li> </ul>	<p>SEND CoP 6.79</p>
<p>4. Summary of how the school meets the needs of children with SEN and disabilities</p>	
<p><b><u>Whole School Approach</u></b></p> <p>High quality first teaching and additional interventions are the basis of our provision management.</p> <p>The progress of all children is discussed at termly pupil progress meetings (every 6 weeks) and provision for children who need a higher level of support to make progress is reviewed and adjusted as needed. Children with individual plans (we call these APDORs because they are based on the process of Assess, Plan, Do, Review detailed below) will have these reviewed regularly with staff and parents. These discussions also serve to embed our high expectations among staff about quality first teaching and the application of a differentiated and personalised approach to teaching and learning. We make a point of discussing aspirations with all our children.</p> <p>Underpinning our provision in school is the graduated approach cycle of:</p> <div data-bbox="486 1657 933 2094" data-label="Diagram"> </div>	<p>SEND CoP 6.79</p>

<p>All teachers are responsible for every child in their care, including those with special educational needs.</p> <p><b>Assess:</b> Children are assessed regularly. Progress is carefully tracked and monitored. Some children require more specific assessments to track progress in smaller steps. Sometimes it may be necessary to assess children using a 'one-off' formal SEND assessment, for example The Dyslexia Screening Test or Language Link.</p> <p><b>Plan:</b> It is the responsibility of the class teacher to plan for interventions and inclusion techniques that any child may require within the class. Advice on planning can be sought from the Inclusion Manager. Interventions are discussed at pupil progress meetings.</p> <p><b>Do:</b> It is recognised that quality first teaching enables all children with SEND to make the best progress. Teachers plan for individual children as part of the whole class planning process using specific techniques and strategies to include individual pupils. Teaching assistants are well-trained in SEND procedure and practice.</p> <p><b>Review:</b> Children's progress is regularly reviewed by teachers and teaching assistants as part of an on-going process. We meet together at the Pupil Progress Meetings to discuss progress and effectiveness of the strategies and interventions that have been used. In addition, review meetings are held regularly and include parents, staff and external agencies (where appropriate). If a strategy or intervention is not proving to be effective we discuss alternative provision and/or involve external agencies in providing advice. Having consulted with children, young people and their parents, all our additional provision (internal or external) is based on an agreed outcomes approach.</p> <p>An Additional Needs Plan, co-written with parents, is an option for children where needs are especially complex</p> <p>If a child is looked after by the local authority they will have a Care Plan including a Personal Education Plan (PEP) and a Health Plan. We will co-ordinate these plans with the SEN Support Plan and will involve parents and carers as well as foster carers or social workers in discussions.</p>	<p>SEND CoP 6.80</p>
<p>5. How does the school identify children's special educational needs?</p>	
<p>We aim to identify children's special educational needs (SEN) as early as possible, so that they can achieve the best possible outcomes.</p> <p>A pupil has SEND where their learning difficulty or disability means that special educational provision is needed so that they can progress. That is provision which is different from or additional to that normally available to pupils of the same age. Children may have one or more broad areas of special educational need:</p> <ul style="list-style-type: none"> <li>• <b>Communication and interaction</b> - including speech and language difficulties and autism</li> <li>• <b>Cognition and learning</b> - including developmental delay and specific learning difficulties such as dyslexia, dyscalculia and dyspraxia.</li> <li>• <b>Social, emotional and mental health difficulties</b> - including difficulties</li> </ul>	<p>SEND CoP 6.79</p>

with behaviour, attention deficit hyperactive disorder, an attachment disorder or anxiety.

- **Sensory and/or physical needs-** including visual and hearing impairment, dyspraxia, cerebral palsy and other physical disabilities or medical conditions which affect a child's learning.

**Children with any of these needs can be included in our school community.**

### **Identifying need through assessing progress**

We assess each pupil's skills and level of attainment on entry to the school. Exactly what we assess will depend on the child's age and general level of attainment at the point they enter the school. We make regular assessments of progress for all pupils. These will seek to identify pupils making less than expected progress given their age and individual circumstances. This is progress which;

- is significantly slower than that of their peers starting from the same baseline
- fails to match or better the child's previous rate of progress
- fails to close the attainment gap between the child and their peers
- widens the attainment gap

The first response to less than expected progress will always be high quality teaching targeted at the pupil's area of weakness, which a class teacher will identify. Any child identified in this way will be closely monitored to see what impact targeted teaching is having. Teaching assistants will help in this task. If a pupil continues to struggle to make progress in his/ her learning, the class teacher, working with the Inclusion Manager, may consider whether a child should be identified as needing SEN support. A clear analysis of the pupil's needs will be carried out, including the individual's development in comparison to their peers and national data, through the use of school assessment procedures and discussions at pupil progress meetings.

### **The complexity of identifying SEN**

Slow progress and low attainment do not necessarily mean that a child has SEN as there can be a number of factors which account for this. Difficult family circumstances, varying rates of cognitive development or a child's interest in a subject, as well as his/ her preferred learning style, may all impact on children's learning.

Attainment in line with chronological age does not necessarily mean that there is no learning difficulty or disability as a child's learning potential could exceed that currently evident in the classroom. In these situations, areas of strength may be observed from time to time which suggest that in the main a child may be having difficulty either accessing the learning opportunities provided or conveying their understanding through written and other work

Difficulties related solely to the process of learning English as an additional language are not considered to be a sign of SEN. Language development is monitored over time in order that special educational needs, if they are present, can be observed, thought about and addressed.

Persistent disruptive or withdrawn behaviours do not necessarily mean that a child has SEN. In these circumstances, a child's needs would be considered in the round to help identify both the possible reasons for the difficulties being observed and the most appropriate forms of support.

### **Listening to and informing parents**

For some children, SEN can be identified at an early age. For other children difficulties become evident only as they develop. We are alert to emerging difficulties and respond early when we can, keeping parents/carers informed of observations and concerns as they arise. This may be through the usual channels of parent consultations or informal conversations or we may invite you to attend a meeting for a longer discussion. We recognise that parents know their children best. We listen and understand when parents express concerns about their child's development. We also listen and address any concerns raised by children themselves.

When it is decided that a child needs SEND support the decision will be recorded in school records and we will formally notify parents. We are required to make data on the levels and types of SEND within the school available to the Local Authority. This data collected through the School Census, is also required to produce the national SEND information report. This information is presented anonymously to protect your child's privacy.

### **Additional Needs Plans**

When a pupil's needs are such that provision additional to or different from what is normally available to pupils within the school's own resources, it may sometimes be necessary to draw up an Additional Needs Plan. This draws together information about the child's background, his/ her needs, difficulties, wishes and concerns, together with views of the parent(s)/carer(s) and the assessments of those professionals involved in supporting the child. In these cases, there would usually be involvement from at least one additional agency, such as occupational therapy or speech and language therapy. An Additional Needs Plan would usually only be required for children for whom it is felt may require an EHC assessment in future.

### **Reviewing SEND support**

Clear dates for reviewing progress are agreed and the parent, pupil and teaching staff will be clear about how they will help the pupil reach the expected outcomes. The effectiveness of the support and interventions and their impact on the pupil's progress will be reviewed in line with the agreed date. For the majority of pupils identified as having an additional need this will happen three times yearly but will be more frequently for pupils with greater need or concern.

SEND support will be adapted or replaced depending on how effective it has been in achieving the agreed outcomes. Where, despite taking action to identify, assess and meet the child's needs, they have not made expected progress, we will consider whether to request an Education, Health and Care assessment. This request can be made by the school or by parents.

### **Deciding whether to apply for an EHC needs assessment**

In considering whether an EHC needs assessment is necessary the Local Authority will consider the evidence of the action already being taken by the school to meet the child's needs. In East Sussex, schools are required to complete, follow and review an Additional Needs Plan in advance of making an application for an EHC assessment. An EHC needs assessment will not always lead to an EHC plan.

The purpose of an EHC plan is to make special educational provision to meet the special educational needs of the child, to secure improved outcomes for them across education, health and social care and, as they get older, prepare them for adulthood. The EHC plan also specifies the arrangements for setting shorter term targets at school level.

**Reviewing an EHC plan**

EHC plans are used to actively monitor children's progress towards their outcomes and longer term aspirations. They must be reviewed at a minimum every 12 months. Reviews will be undertaken in partnership with the child/young person and their parents, and will take account of their views, wishes and feelings. The review will focus on the child/young person's progress towards achieving the outcomes specified in the EHC Plan. The review will also consider whether these outcomes and supporting targets remain appropriate. Parents, a school representative and a Local Authority SEND officer will be invited. In addition, other professionals associated with the child may be invited, eg. Educational Psychologist, Occupational Therapist, Speech and Language Therapist or Social worker.

Before the meeting we will:

- give notice to all parties at least two weeks before the meeting and seek advice and information about the child
- send out any advice or information gathered to all those invited at least two weeks before the meeting.

We will prepare and send out a report of the meeting to everyone invited within two weeks of the meeting.

Where a child is looked after by the Local Authority, we will try to synchronise EHC plan reviews with social care reviews.

**6. How does the school teach and support children with SEND?**

- All teachers provide high quality lessons to meet the needs of all the children in their class.
- Additional support for individual children or groups may be planned and reviewed by the class teacher, nursery key worker or teaching assistant.
- Where necessary the class teacher or nursery key worker or will talk to the Inclusion Manager and a more personalised programme of support may be introduced. This may include support from an outside service.
- The senior management team closely monitors teaching and learning of all children.
- We will make sure you know about any extra support that your child is receiving.
- We know that parents and carers can provide invaluable support for their children's learning and we will work in partnership with you to make sure your child makes the best possible progress.
- We will track your child's progress carefully and adapt and adjust support as needed.

SEND CoP 6.79

<p>7. How will the curriculum and learning environment be matched to my child's needs?</p>	
<ul style="list-style-type: none"> <li>• We do what is necessary to support children to settle into the school environment, participate, develop, learn, and achieve the best possible outcomes</li> <li>• A broad and balanced curriculum is on offer to all pupils at East Hoathly. Teachers' planning includes details of how the curriculum is adapted or made accessible for pupils with SEND. Learning Support Assistants feed back to teachers when they are providing additional support.</li> <li>• Lessons are pitched appropriately so that all children can learn and make progress. Lessons and support plans are devised to address potential areas of difficulty and to remove barriers to pupil achievement where at all possible. Teachers take account of the needs and different learning styles of each individual and differentiate tasks and materials appropriately.</li> <li>• Teachers regularly track and assess the children and termly Pupil Progress Meetings allow class teachers and members of the leadership team the opportunity to analyse the progress of each child.</li> <li>• If your child is not making the expected progress and has specific gaps in their understanding, they may work within a smaller group of children. These will be run by a teacher or trained teaching assistant. When needed, the school will talk to parents about seeking specialist advice. There are regular meetings to monitor the impact of interventions and SEND provision.</li> <li>• Further specific support may also be provided through an individual plan (APDOR), an Additional Needs Plan or an Education, Health and Care Plan (EHCP). This means your child will have been identified by the class teacher and Inclusion Manager as needing a particularly high level of individual or small group teaching.</li> <li>• The SEND budget is managed by the Head teacher, Inclusion Manager, Governing Body and Bursar. Resources are made or purchased as necessary to support each pupil's learning. The Governors are responsible for ensuring that SEND funding is used well and that all pupils are given the help that they need to make good progress. There is a SEND Governor who meets with the Inclusion Manager several times a year. The school will use its SEND funding in the most appropriate way to support your child.</li> </ul>	
<p>8. How are parents and carers involved in reviewing children's progress and planning support?</p>	
<p><u>How are parents involved at the school?</u></p> <ul style="list-style-type: none"> <li>• We welcome the contribution that the wider community can make to our</li> </ul>	<p>SEND CoP 6.79</p>

school and we are committed to working in partnership with parents.

- It is our aim that the school works in close partnership with you and maintains purposeful communication between the school and home. We will always have regard to the views, wishes and feelings of parents/carers.
- We have an open door policy for any daily information that needs to be shared between school and home. Parents and teachers arrange a more private meeting with the class teacher or with the Inclusion Manager if there is anything of a more serious or private nature to be discussed.
- We encourage parents to attend parents' evenings three times a year.
- If a child has been identified as needing individual targets, an APDOR will be written with parents. APDORs are reviewed termly. If a child is identified as needing an Additional Needs Plan, parents will be involved in helping the school to create this and then in reviewing targets three times a year, or more often if either parent/carers or the Inclusion Manager feel this would be beneficial. For children with an EHC Plan, the Annual Review may either be included as one of the three meetings or be arranged as an additional meeting (to be agreed on an individual basis).
- We will provide parents/carers with the information and support necessary to enable them to play a full part in decision making.
- All parents are actively encouraged to take part in the school community. This may include sharing skills, attending class assemblies, celebration assemblies, information workshops and helping with school visits.
- Parent helpers are welcomed into the classroom.
- There is an active Parent School Association supporting the school by raising funds and organising events.
- There are regular 'Parent Forums' at school where parents are invited to share their opinions and ideas.
- Parents are given opportunities to develop an understanding of the curriculum through workshops organised by the school.
- All children have a reading diary which can also be used as a home/school book. However, a child who either the parent or school feels needs extra communications may have a home / school book.
- Three times a year we will send parents/carers of children with SEND a letter, summarising the progress they have made, the targets they are working towards and any interventions currently in place. All parents receive an end of year report in July.
- Reports from outside agencies are shared and discussed.
- Where at all possible we support parents to help their child to achieve the best possible educational and other outcomes, preparing them effectively for adulthood. This may involve signposting to additional services in the community. Where appropriate we highlight relevant workshops or courses for parents e.g. ASD support network for parents.

- If there are any disagreements with parents about SEND support for their child, we will work with them to try to resolve these. If parents have a complaint they can use the school's complaints procedure. Details about this are available from the school office or on the school website.

9. How are children involved in reviewing their progress and planning support?

We are committed to involving children with SEND in decisions about their learning. We will:

- Have regard to the views, wishes and feelings of children as they are expressed, both informally around the school and through formal channels, such as pupil voice activities undertaken with the Inclusion Manager and/or support staff.
- Provide children with the information and support necessary to enable full participation in decision making.
- Support children to support their development and help them achieve the best possible educational and other outcomes, preparing them effectively for adulthood.

The following table shows how children are involved in giving feedback and making decisions about ways in which they are supported at school:

	Who's involved?	How often?
Self assessment	pupil, class teacher/ TA	Daily
Class Circle times	pupil, class teacher/TA	Weekly/ as required
Pupil Governors	pupil, class representatives, class teacher/ head teacher	As required
Pupil Voice	pupil, Inclusion Manager/ class teacher/ head teacher	Twice yearly
SEN review meetings	pupil, parents/carers, class teacher/ Inclusion Manager	At least three times a year
Annual reviews (EHC plans only)	pupil, parents, Inclusion Manager, class teacher/ support services, local authority	Once a year

10. How does the school prepare and support children to transfer to a new school/ college or the next stage of education and life?

We recognise that moving on can be difficult for children and we take steps to ensure that any transition is as smooth as possible.

SEND CoP 6.79

SEND CoP 6.79

On first joining East Hoathly:

- You will be invited to Nursery and Reception open days which allow parents and their children to visit on a normal school day.
- Nursery and Reception classes hold taster sessions for the children.
- The Reception teacher may visit the family home and meet with you and your child before starting school and we may contact or visit the current pre-school setting for children transferring to our Nursery.
- We may hold transition meetings with pre-school settings for some families, where your child's special needs have already been identified.

On moving within the school:

- Information is always passed on to the next class teacher and a planning meeting is held with the old and new teaching staff to discuss your child's strengths and difficulties and the strategies that have been successful. Support plans and targets are shared with the new teacher.
- All children, across the school, visit their new class and take part in sessions with their new teacher before transition.
- For children who find change very difficult, photo books are made showing the new classroom and staff. These are shared in school and also taken home. Additional visits are made to familiarise them with the new room and staff.
- We always offer a home visit for children prior to moving up to Reception for Nursery children

On moving on to secondary school:

- Discussions with the new school to make sure things go smoothly for your child.
- Transition visit prior to moving on to secondary school.
- Extra visits to the school if necessary. We may complete a transition pupil voice to identify any particular worries or concerns.
- SEND liaison meetings to ensure smooth transition and to advise and support parents with any questions or filling in forms.
- Extra visits to the school from staff and Year 7 pupils from secondary schools prior to the children joining them.
- If your child has an EHCP we will make sure that the SENDCo of the secondary school your child will be transferring to is invited to attend the transition Annual Review.

<p>On moving to another school:</p> <ul style="list-style-type: none"> <li>• If your child is moving to another school we will contact the school and make them aware of any special arrangements or support that your child may need.</li> <li>• We will forward all records as quickly as possible,</li> <li>• We will support their transition as needed, by providing opportunities to talk through any concerns the child may have, and providing social stories if appropriate.</li> </ul>	
<p>11. What training do school staff have?</p>	
<p>Every year the Head teacher identifies priorities for development as part of the School Development Plan, including reviewing support for children with SEND.</p> <p>The quality of teaching for pupils of SEND and the progress made by these pupils is a key part of the performance management process for all staff.</p> <p>We ensure high quality teaching for all as part of on-going monitoring of teaching and learning, especially for those at risk of underachievement. This includes identifying any patterns of need in the school, reviewing and improving, if necessary, teachers' understanding of strategies to identify and support vulnerable pupils.</p> <p>When we plan support for a child, we think about the knowledge and skills their teachers and support staff have. Where interventions are needed, we make sure staff have sufficient skills and knowledge to deliver interventions effectively. Where necessary, we will arrange for training so that staff can develop their skills.</p> <p>Training over this school year includes: Language and Communication, Autism, Dyslexia, Growth Mindset, Mastery Teaching, APDORS and the graduated response.</p> <ul style="list-style-type: none"> <li>• All our teachers are qualified teachers</li> <li>• Our booster groups are run by experienced support staff</li> <li>• Our Inclusion Manager is a qualified teacher, with many years of experience in a number of schools. She is an accredited Dyslexia teacher.</li> <li>• Our Higher Level Teaching Assistant (HLTA) Wendy Burns is an accredited Dyslexia specialist.</li> <li>• The Pioneer Federation Inclusion Governor is Juliet Stirrat.</li> </ul>	<p>SEND CoP 6.79</p>

<p>12. How does the school measure how well it teaches and supports children with SEN?</p>	
<p>We are always monitoring, evaluating and refining what we do to make sure that we are doing the very best we can for all children.</p> <p>We regularly and carefully review the quality of teaching for all pupils to make sure no-one under achieves.</p> <p>We record details of additional or different provision made. This forms part of regular discussions with parents about the child's progress, expected outcomes from the support and planned next steps.</p> <p>We look at whether our teaching and programmes of support have made a difference. As children with similar needs can respond differently to the same intervention, we regularly review and revise provision.</p> <p>We use information systems to monitor the progress and development of all pupils. This helps us to develop the use of interventions that are effective and to remove those that are less so.</p> <p>We record evidence of pupil progress, with a focus on outcomes and a rigorous approach to the monitoring and evaluation of any SEND support provided.</p> <p>The school looks at the progress that children with SEND make across a school year and compares this with the progress of children without SEND. Although some children may achieve differently to their peers, it is hoped they will make comparable progress. If the rate of your child's progress is causing concern, staff will think together with you about why this may be, with the aim of revising provision to support your child to reach their potential.</p> <p>We send home a parent questionnaire every year then summarise the results and feedback to parents. This information helps to inform the school improvement plan.</p> <p>We complete an annual self-evaluation of our SEND provision and use this to develop an action plan to further improve our provision.</p> <p>We also invite parents to provide feedback at meetings, through attending parent forums and through the Ofsted parent view website:  <a href="https://parentview.ofsted.gov.uk">https://parentview.ofsted.gov.uk</a></p>	<p>SEND CoP 6.79</p>

KS1 SATS results 2019

% of pupils reaching at least national expected standard	Reading	Writing	Maths
SEN at EH	100%	100%	100%
Non SEN at EH	92%	92%	92%
All pupils nationally	75%	69%	76%

KS2 SATS results 2019 No SEN children in this cohort

% of pupils reaching national expected standard	Reading	Writing (teacher assessment)	Maths
SEN			
Non SEN			
National expectation			

Progress of children across the school with SEN

We monitor the progress of all children carefully and we can see that for the school year 2018-19 progress for children with SEN was broadly in line with that of their non-SEN peers, and has in some cases exceeded it. Some of our children with SEN are working at nationally expected levels in some areas, but, in general, their attainment is just below that of their peers and national expectation.

Please note that our SEN cohorts are very small and often refer to only one or two children. In order to maintain confidentiality we will not provide a further breakdown or background information here. If you would more information please contact our Executive Head teacher, Mr Procter.

13. How accessible is the school and how does the school arrange equipment or facilities children need?

Our school was built well over 100 years ago; the corridors are narrow in places and there are interior steps to the school office and reception area which are not suitable for ramping.

However, all classrooms are on the ground floor and there are individual toilets with wide door access in the main building and in the mobile classroom.

Access to our field and trim trail is good.

Classrooms are arranged to provide good access to resources for all children and where access is an issue for particular children this is taken into account by staff.

Like all schools, East Hoathly CE Primary is subject to the Equalities Act. We are committed to making all reasonable adjustments towards improving accessibility as we maintain and develop the school and its grounds. We will take proactive steps to ensure that disabled pupils and non-disabled pupils are treated equally.

Section 69  
Children and  
Families Act  
2014

<p>We currently communicate with parents in direct conversation, phone, letter and email. We ask parents how they prefer us to communicate with them. We are sensitive to the needs of parents whose first language is not English or who may have other communication needs.</p> <ul style="list-style-type: none"> <li>We encourage you to discuss any concerns you might have with us so that we can plan for full inclusion. Further details can be obtained from our <a href="#">Equalities Policy and Accessibility Plan</a> that are available on our website.</li> </ul>	
<p>14. How are children included in activities with other children, including school trips?</p>	
<ul style="list-style-type: none"> <li>School trips and activities are available for all children at our school.</li> <li>Risk assessments are carried out to ensure that procedures are in place so that all children can participate.</li> <li>We will make all reasonable adjustments to make sure that every child is included.</li> <li>If there is something that might make it hard for your child to be included in an activity, we will discuss this with you and see how we can work together to make the activity possible.</li> <li>More details are available on our website in our <a href="#">Equalities Policy and Accessibility Plan</a>.</li> </ul>	<p>SEND CoP 6.79</p>
<p>15. What support is there for children's overall well-being and their emotional, mental and social development?</p>	
<ul style="list-style-type: none"> <li>Our school has a strong Christian ethos; emphasising the important values of respect for all, resilience and equality.</li> <li>We are an inclusive school and we welcome and celebrate diversity.</li> <li>We recognise that self-esteem is key to a child's emotional well-being and academic progress</li> <li>The class teacher has overall responsibility for the well-being of every child in their class. If you have any worries, please speak to the class teacher first. If further support is needed the class teacher will speak to the Inclusion Manager.</li> <li>We support children's emotional, social and behavioural needs through our</li> </ul>	<p>SEND CoP 6.79</p>

<p>PSHE (personal, social, health, education) and SEAL (social, emotional aspects of learning) curriculum.</p> <ul style="list-style-type: none"> <li>• Sometimes we work with other agencies, like the Educational Psychology Service or School Health to support development in this area for cohorts of children.</li> <li>• Sometimes, if a number of similar needs are identified within a group of children, we may decide to arrange a group intervention based around social/ emotional support, such as a social skills or nurture group for example.</li> <li>• If an individual child needs a space to talk and this cannot easily be provided by the class teacher or teaching assistant during the ordinary course of the day then there may be a discussion with the Inclusion Manager or Head teacher to consider how this might be provided, including parents /carers in the discussion, providing there is not a safeguarding concern (see separate policy on this). Where at all possible we will provide a space to talk/ play/ draw in a therapeutic setting within school. If a child needs support beyond the level of expertise or experience of our staff or if resources are unavailable we may suggest that we look to an external service, such as Talking Moments or Fegans (currently providing play therapy).</li> <li>• All interventions are monitored and reviewed regularly.</li> <li>• When necessary the school can refer individual children to the Educational Psychology Service, the Children and Adult Mental Health Service and Early Help Key Work Service.</li> <li>• Prescribed medicine can be administered in school with signed parental permission with the agreement of the school. There are nominated first aiders in school and several members of staff have first aid qualifications. If your child has significant medical needs please speak to the Inclusion Manager to discuss how we can best support you and your child. Support might include drawing up a Health Care Plan, and seeking advice or training from medical specialists.</li> <li>• More information is available on our website in the following policies: <ul style="list-style-type: none"> <li>• <a href="#">Anti-bullying</a></li> <li>• <a href="#">Safeguarding</a></li> </ul> </li> <li>• Our policy 'Supporting Pupils with Medical Conditions' is being updated but is available to parents from the office.</li> </ul>	
<p>16. What specialist services does the school use to support children and their families?</p>	
<p>As part of the cycle of SEN support (assesses, plan, do, review) we will always involve a specialist where a child makes little or no progress over a sustained period or where they continue to work at levels substantially below those of pupils at a</p>	<p>SEND CoP 6.79</p>

similar age despite evidence-based SEN support delivered by appropriately trained staff. Parents are always involved in any decision to involve specialists. We may involve specialists at any point to advise on early identification of SEN and effective support and interventions.

We work with parents and agencies to consider a range of evidence-based and effective teaching approaches, appropriate equipment, strategies and interventions to support the child's progress. Together, we agree the needs of the child, responsibilities and the outcomes to be achieved through the support, including a date by which it is reviewed. Records of involvement of specialists are kept and shared with parents and teaching staff.

Where a child is looked after by the Local Authority, we will work closely with other relevant professionals involved in the child's life as a consequence of being looked after.

We work closely with the Local Authority and other providers to agree the range of local services and clear arrangements for making appropriate requests. Some services may be commissioned directly.

We have access to a range of outside agencies for additional support. Agencies we are currently working with include:

- CAMHS - Child and Adolescent Mental Health Service
- Children's Integrated Therapy Service (for speech and language, occupational and physiotherapy)
- Children's Centres and Toddler Talk
- Communication, Learning and Autism Support Service
- Early Help Service
- Early Years' Service
- Educational Psychology Service
- ESBAS (East Sussex Behaviour and Attendance Service)
- FLESS (Flexible Learning Education Support Service)
- GRT (Gypsy, Roma, Traveller Service)
- SCSN - Service for Children with Sensory Needs
- TEALs ( Traveller and English as Additional Language Service)
- Virtual School for Looked After Children

For more information please refer to <http://www.eastsussex.gov/children and families/specialneeds/local offer/default.htm>.

Some of our staff have undertaken specialist training. These include:

- One Dyslexia trained teaching assistant
- One Dyslexia trained teacher

<ul style="list-style-type: none"> <li>Inclusion Manager trained and very experienced in a variety of SEN, especially children's behavioural and emotional needs.</li> </ul> <p>For further information on what is available locally to support families, please see:</p> <p><a href="https://new.eastsussex.gov.uk/childrenandfamilies/specialneeds/search-for-services/">https://new.eastsussex.gov.uk/childrenandfamilies/specialneeds/search-for-services/</a>  <a href="https://new.eastsussex.gov.uk/childrenandfamilies/specialneeds/health-services/">https://new.eastsussex.gov.uk/childrenandfamilies/specialneeds/health-services/</a></p>	
<p>16. Where can I get information, advice and support?</p>	
<p><b>The school:</b></p> <p>If your child is at school or nursery the class teacher or keyworker is the first point of contact. Parents are also welcome to directly contact the Inclusion Manager, Nursery Manager, Executive Head teacher or Head of School. All contacts are initially made through the school office:</p> <p><a href="mailto:office@easthoathly.e-sussex.sch.uk">office@easthoathly.e-sussex.sch.uk</a></p> <p>Inclusion Manager - Sophie Levey - <a href="mailto:senco@easthoathly.e-sussex.sch.uk">senco@easthoathly.e-sussex.sch.uk</a></p> <p>Inclusion Governor: Mrs J Stirrat - <a href="mailto:office@easthoathly.e-sussex.sch.uk">office@easthoathly.e-sussex.sch.uk</a></p> <p>Nursery Manager: Dawn Poulton - <a href="mailto:nurseryadmin@easthoathly.e-sussex.sch.uk">nurseryadmin@easthoathly.e-sussex.sch.uk</a></p> <p>If you are considering applying for a place in this school and your child has special educational needs, then please contact the school to arrange a visit and meeting with a member of our leadership team or our Inclusion Manager, Mrs Levey.</p> <p><b><u>SEND information, advice and support service</u></b></p> <p>Impartial advice and help for children and young people with special educational needs and disabilities and their parents and carers is available on the East Sussex County Council website.</p> <p><a href="mailto:informationforfamilies@eastsussex.gov.uk">informationforfamilies@eastsussex.gov.uk</a></p> <p><a href="http://www.eastsussex.gov.uk/sendadvice">www.eastsussex.gov.uk/sendadvice</a> Their phone number is: 0345 60 80 192</p> <p>The East Sussex SEND 'local offer' tells you about what is available for children with SEN in East Sussex: <a href="http://www.eastsussex.gov.uk/localoffer">www.eastsussex.gov.uk/localoffer</a></p>	<p>CoP 6.81</p>
<p>18. What do I do if I am not happy or if I want to complain?</p>	
<p>We like to have a friendly and open relationship with parents and carers and</p>	<p>SEND CoP 6.79</p>

<p>encourage you to communicate with us early on if there are any issues or concerns arising. If there is not a member of staff available to talk with you immediately, we will arrange an appointment to meet as soon as possible.</p>	
---	--

<p>If you are unhappy about how your concerns are being addressed, you can make a formal complaint as set out in our complaints policy and procedure which is available on our website.</p>
