Indicates school performance is above the national comparator by more than one pupil / (one point for APS) or attainment is 100%

Indicates school performance is below the national comparator by more than one pupil (one point for APS)

Indicates school performance within one pupil of national comparator (one point for APS)

¹ Difference is between outcomes of national non-FSM/disadvantaged pupils and school FSM/disadvantaged pupils (see notes page for details)

² Pupils not on roll in the January school census are not included

³ SEN Support & Statement / EHCP pupils are compared to all pupils nationally

⁴ Non SEN pupils are compared to non SEN pupils nationally
Please see KS1 page for Year 2 Phonics cohort information

Key:

EXS+ - Includes pupils working at the expected standard and pupils working at greater depth within the expected standard

GDS - Includes pupils working at greater depth within the expected standard

¹ Difference is between outcomes of national non-disadvantaged pupils and school disadvantaged pupils (see notes page for details)

² Pupils not on roll in the January school census are not included

³ SEN Support & Statement /EHCP pupils are compared to all pupils nationally

⁴ Non SEN pupils are compared to non SEN pupils nationally

Indicates school performance is above the national comparator by more than one pupil and/or attainment is 100%

Indicates school performance is below the national comparator by more than one pupil

Indicates school performance within one pupil of national comparator

Key:

¹EXS - Working at the Expected Standard
 Reached the expected standard (or higher) in the tests (scaled score of 100 or more)
 Working at the expected standard (EXS) based on Teacher Assessment (including those working at a greater depth (GDS))
 Reaching the expected standard in Reading and Maths tests and EXS in Writing Teacher Assessment

² GDS - Working at a Greater Depth within the Expected Standard
 Achieving a 'High Score' in the tests (Scaled score of 110 or more)
 Working at greater depth within the expected standard (GDS) based on the teacher assessment
 Achieving a 'High Score' in Reading and Maths tests and GDS in Writing Teacher Assessment

³ Difference is between outcomes of national non-disadvantaged pupils and school disadvantaged pupils (attainment only) (see notes page for details)

⁴ Pupils not on roll in the January school census are not included

⁵ SEN Support & Statement / EHCP pupils are compared to all pupils nationally (attainment only)

⁶ Non SEN pupils are compared to non SEN pupils nationally (attainment only)

Scaled Scores - The average is calculated by taking the sum of all scaled scores divided by the number pupils with a scaled score. E.g. if a pupil did not take the test or took the test but did not receive score, then they are excluded from the calculation.

Progress Scores - The average is calculated by taking the sum of all progress scores divided by the number pupils with a progress score. E.g. if a pupil did not have any prior attainment at the end of KS1, then they are excluded from the calculation.

Attainment Percentages / Scaled Scores

Indicates school performance is above the national comparator by more than one pupil/point
 Indicates school performance is below the national comparator by more than one pupil/point
 Indicates school performance within one pupil/point of national comparator

Attainment Percentages

Attainment = 100%

Progress Scores

Lower confidence interval above national (significant)
 Upper confidence interval below national (significant)
 Progress Score in between lower and upper CI (not significant)

Notes and Information

Differences Methodology

In previous years differences have been calculated by subtracting the school/LA/Group outcome from the national outcome. This would result in a positive difference where the national figure was above the school/LA/Group outcome.

From this year all differences are calculated to match the methodology used by the DfE both in published data and that made available via ASP. The national outcome is now subtracted from the school/LA/Group outcome. Now, if the national outcome is greater than the School/LA/group outcome, this results in a negative difference being shown in the reports.
